SUBJECT MATTER

A		B	
Agricultural credit		Blighted vacant land	
capital formation by social dictate.....	328	see Decentralization	
capital goods formation.....	326	British Broadcasting Corporation.....	250
capital value vs. labor.....	329	British New Towns	
changed ratio.....	329	appraisal of progress, 1952-1955	
forced savings.....	327	construction problems.....	57
Agricultural resources		economic status of government.....	59
see Agricultural credit; China, 1928-1936; Geography of manure; Israel		policy defended.....	281-284
Allocating capacity cost		selection of tenants.....	64
problems of electricity: gas		statutory limitations.....	60
alternate proposals.....	342	see also Decentralization; Economic development; Rural land; Suburbanization	
capacity cost a function of load curve.....	339		
capacity credit method.....	347	C	
complete peak method.....	345	California Public Utilities Commission.....	382-386
complications in gas shortage.....	351	California, Santa Clara County	
Federal Power Commission.....	355	ground-water management and use of public district.....	258-269
non-coincident demand method.....	348	Capacity cost	
phantom customer method.....	344	see Allocating capacity cost	
rejection of peak responsibility method.....	339	China, 1928-1936	
single-peak load curve.....	336	land taxation and economic growth	
uniform load curve.....	335	burden of land tax.....	181
Atomic Energy Commission, 1956		Nanking tax system.....	181
capital costs, private vs. public power		Citizens' Research Council of Michigan	
amortization of fixed capital.....	17	critique of assessment-sales ratio study.....	174-179
contingent losses or gains.....	22	City planning	
cost recapture: private combine.....	19	see British New Towns; Decentralization; Dispersion of nonwhite residence; Washington, D. C.; Economic development; Frank Lloyd Wright; Planning region concept; Suburbanization; Urban and	
gross capital costs to government.....	15		
net capital costs.....	19		
premium for risk assumption.....	23		
returns to investors, 25-year period.....	17		
taxes and costs comparisons.....	18-24		

inter-urban economic equilibrium; Urban economic base
Communal farming in Israel
see Israel
Conservation
see Ground-water management

D

Dead land
see Decentralization; Taxation
Decentralization
 blighted vacant land: Chicago experience
 diversity of ownership.....274
 evolution of dead land.....270
 judicial process.....276
 obsolete platting.....275
 reinvestigation of sites.....276
 standard metropolitan areas.....279
 tax delinquency: revenues.....275
 urban sprawl.....278
 see also British New Towns; Frank Lloyd Wright;
 Suburbanization; Suburbanization of manufacture
 Urban economic base
Depletion of mines
 theory of diminishing returns.....313-317
Diminishing returns in depletion of mines.....313-317
Dispersion of nonwhite residence: Washington, D. C.
 adverse and facilitative factors.....204
 extent of dispersion.....201
 FHA-VA loans activity.....205
 housing market analysis.....209
 orderly character of dispersion.....203
 renewal activities.....208
 see also Decentralization

E

Economic development
 locational aspects
 city region.....217
 evolution of regional structures.....221
 functional hierarchy of cities.....215
 region of interdependency.....217
 spacial structure factor.....225
 theory of agglomeration.....224
 see also China, 1928-1936
Electric industry
see Allocating capacity cost
Eminent domain powers
see Planning region concept

F

Federal Housing Administration
 Dispersion of nonwhite residence: Washington, D. C.....201-212
 VA loans in Middletown, Connecticut.....185
 see also Decentralization; Real estate market
Federal Power Commission
 jurisdiction over natural gas field prices
 Congressional intent and court decisions.....41
 Natural Gas Act, 1938.....41
 problem of regulation.....39
 see also Allocating capacity cost
Federal Reserve System
see Real estate markets
Flint, Michigan, metropolitan area study
 property taxes and solutions to fringe problems.....369-376
Flood control
see Ground-water management
Forest land, Northwestern California
 ownership and use

formation of original patterns.....145
sectional studies.....144-151
Forest products economy
see Forest land, Northwestern California; Pacific Northwest
Frank Lloyd Wright
 contribution to science of city planning as
 educator, architect.....357-368
 memoranda on significant works.....361
 skyscraper and central business district.....366

G

Geography of manure
 agricultural history of manure use.....25
 agricultural uses.....29
 chemical composition of animal manure.....28
 distributional aspects (world area).....30
 non-agricultural aspects.....31
Great Britain
 Report of Departmental Committee on Electricity
 supply
 organization and operating policies.....252
 rate and service policy.....211
 relationship of Board to other governmental agencies.....254
 see also British New Towns; Rural land
Ground-water management
 use of the public district
 assessment method.....267
 determination of boundary.....265
 experience of California, Santa Clara County.....261
 flexibility and rigidity.....263
 group action problems.....259
 historical precedent.....260
 incidence of benefit.....265
 see also Water rights

H

Housing
see British New Towns; City planning; Decentralization; Dispersion of nonwhite residence; Washington, D. C.; Economic Development; Frank Lloyd Wright; Mortgage market; Real estate markets; Suburbanization; Urban economic base
Housing and integration, Washington, D. C.....201-212

I

Interstate Commerce Commission
 analysis of rate policy
 administration of traffic clause.....137
 economic criteria.....134
 revenue cases in postwar period.....140
 see also Motor carrier costs; Railroad abandonments
Irrigation
see Ground-water management; Water rights

Israel

communal settlement
 combined farming.....123
 economic principles.....120
 history of kibbutz.....118
 production incentives.....122

J

Joint Committee on the Economic Report.....6

L

Location of industry
see Decentralization; Frank Lloyd Wright; Site-selection contrasts, wood-working industry; Suburbanization of manufacture; Urban and inter-urban economic equilibrium

M

Market analysis in small areas	
income and retail expenditure	
census data since 1949.....	286
income estimates.....	285
Metropolitan growth	
see British New Towns; Decentralization; Dispersion of nonwhite residence; Washington, D. C.; Economic development; Frank Lloyd Wright; Planning region concept; Property taxes and fringe problems; Suburbanization; Urban and interurban economic equilibrium; Urban economic base	
Metropolitan resources defined	
transportation, space, community organization.....	10-13
see also Decentralization; Economic development; Frank Lloyd Wright; Suburbanization; Urban economic base	
Middletown, Connecticut	
see Mortgage market	
Mineral resources	
see Depletion of mines	
Monetary policy	
see Real estate market	
Mortgage market	
problem in Middletown, Connecticut	
loan fund mobility.....	186
mortgage lenders.....	185
secondary market.....	187
volume of mortgage lending.....	184
see also Decentralization; Property taxes and fringe problems; Real estate market	
Motor carrier costs	
cost patterns.....	230
efficiency and operating ratio.....	233-235
firm size and operating costs.....	230
interpretation of cost pattern.....	231
interterritorial carriers.....	234
management and regulatory policy.....	236
operating features and vehicle-mile costs.....	231
problem of homogeneity.....	228
terminal costs.....	233
weak carrier problems.....	237

N

Natural Gas Act, 1938.....	41
Natural gas and court decisions	
Billings case, 1940.....	45
Columbia case, 1940.....	44
Peoples case, 1942.....	46
Interstate case, 1943.....	46
see also Allocating capacity cost	
Natural resources	
see Depletion of mines; Forest products economy; Geography of manure; Ground-water management; Water rights	
New England economy and regional planning.....	6

P

Pacific Northwest	
forest products economy	
Douglas fir production.....	128
employment situation.....	132
structural change: basic timber resources.....	129
wood products industry.....	127
Pacific Telephone and Telegraph Company rate case.....	382-386
Planning region concept	
functional relation between city and regional planning	
historical origins.....	3-10
metropolitan growth concept developed.....	7
National Resources Committee.....	6

population change, 1940-50.....	8
traffic flow: southeast United States.....	9
transportation a strategic factor.....	11
TVA evaluation.....	2
see also British New Towns; Decentralization; Economic development; Suburbanization; Urban economic base	
Plant location	
see Economic development; Site-selection contrasts, wood-working industry	
Population estimates	
postcensal methodology analysis	
arithmetic and geometric projection.....	376
censal ratio method.....	379
dwelling capacity method.....	377
proration.....	378
ratio method.....	377
Population growth	
see British New Towns; China, 1928-1936; Decentralization; Economic development; Planning region; Population estimates; Suburbanization; Urban economic base	
Private utilities	
see Atomic Energy Commission, 1956	
Property taxes and fringe problems	
Flint, Michigan, metropolitan area study	
preferential solutions analysis.....	370-376
resistances to metropolitan reorganization.....	370-372
Public utilities	
see Allocating capacity cost; Atomic Energy Commission, 1956; Great Britain; Ground-water management; Motor carrier costs; Pacific Telephone and Telegraph Company rate case; Railroad abandonments; Water rights	

R

Racial discrimination in housing.....	201-212
Railroad consolidations	
regulation of abandonments	
Interstate Commerce Commission.....	320
public convenience and necessity.....	320
statistics on abandonments since 1946.....	319
Transportation Act of 1920.....	320
Rate policy	
see Allocating capacity cost; Interstate Commerce Commission; Railroad abandonments	
Real estate	
see China, 1928-1936; Decentralization; Dispersion of nonwhite residence, Washington, D. C.; Economic development; Residential real estate valuation	
Real estate and business administration	
curricula discussion.....	92-94
Real estate markets	
effect of credit and monetary policy: 1952-1954	
commercial banks.....	244, 248
credit restraint period.....	239
effects on major types of mortgage lenders.....	240, 247
FHA-VA loans.....	238, 249
life insurance companies.....	241, 247
mutual savings banks.....	242, 248
residential buildings and markets.....	245
see also Decentralization	
Regression analysis	
criticism of statistical estimates in Pacific Telephone and Telegraph Company rate case.....	382-386
Report of the Committee on Inquiry into the Electricity Supply Industry, 1956. (Great Britain).....	250-258
Residential real estate valuation	
estimates from population-income data.....	89-92
